

Add Consumer and Business Email Addresses to Your Records

Capture more sales leads and expand your email marketing campaigns with Premium Email Append. Add 15-30% more deliverable email addresses to your consumer or business contact database.

- Re-engage lost contacts and connect with new prospects
- Save money by reducing direct mail expenditures
- Improve conversion rates with multi-channel marketing

Exhaustive Matching Process

Our email append process is designed to be both accurate and thorough. Our exhaustive two-week matching process reflects our commitment to searching out and appending as many quality emails to your database as possible.

Free Match Test

Send us your customer file and we'll provide a report showing how many emails we can add to it - no risk, no obligation!

Here's How We Do It

Upload your list of contact names, company names and addresses via a secure link, and we will add (append) verified email addresses to your records using the following steps:

1. We match your list against our internal universe of opt-in emails
2. We send a permission pass email to your customer
3. We append quality email addresses to your customer list, excluding addresses that bounce and recipients who opt out
4. You purchase and download your appended file

No electronic transfer fees and no additional charges!
