

Personator Consumer

Powerful All-In-One Verification and Enrichment Solution

Personator Consumer is a unique, all-in-one Cloud verification and enrichment solution. It easily integrates into applications, shopping carts and forms to verify and enrich customer contact data. Melissa’s knowledgebase leverages billions of database records to ensure you capture accurate name, address, email and phone data for rapid onboarding, timely fulfillment and fraud prevention.

Personator Consumer Service Options

Real-time ID Confirmation

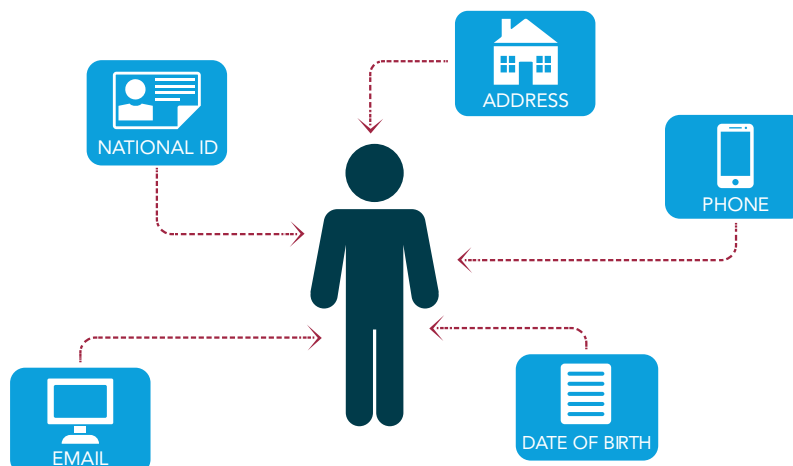

Verify customer identity fast by matching a name to an address as they are entered during customer on-boarding and during checkout.

Check & Update Customer Data

Validate and complete customer and business contact records with name, phone, postal & email addresses, including:

- ✓ Standardize full names, set salutations, genderize and parse records
- ✓ Correct and update email addresses, domains and formatting
- ✓ Update and properly format mobile and landline phone numbers
- ✓ Certify that U.S. and Canadian address records are accurate and deliverable
- ✓ Aggressively correct and append house numbers, cities, states, and ZIP Codes to US addresses with Advanced Address Correction (AAC)
- ✓ Update the addresses of U.S. and Canadian customers and prospects with 10+ years of history from millions of regularly updated records
- ✓ Geocode addresses with precise rooftop locations for mapping logistics, visual analytics and location analysis in fraud prevention

Append Valuable Demographic & Firmographic Data

Personator updates addresses and adds missing information to both business and consumer records. Personator also adds demographics and firmographics data to your customer records for a superior snapshot of who your customers are.

Demographic Data Added for Improved Analytics & Targeted Marketing:

Date of Birth - Deceased Information - Occupation - Presence of Children - Number of Adults - Marital Status - Home Owner/Renter - Household Income (Range) - Length of Residence and More

Firmographic Data for Better Lead Scoring and Decision-Making:

Company Information - Job Title - SIC/NAICS Codes - Employee Size - StockTicker Abbreviation - Sales Estimate & More
